I am selling my 3 door Peugeot 106 petrol. It works perfectly. I use it every day to go to work and it has never given me any problems. The car passed the MOT this morning. Has new MOT until March 2018. In the right door has a small dent, which affects only aesthetically. It has a radio and CD player. All doors and windows work. It has air conditioning and heating. It has two sets of keys. I have the log book. It is a cheap car with very cheap.
