Auto-Trail's flagship Frontier range has been at the vanguard of British motorhome design for more than 20 years. Everything we've learned about motorhome production over more than a quarter of a century is evident in this comprehensive range of luxury leisure vehicles. Built on the market-leading Fiat Ducato platform and instantly recognisable as an Auto-Trail thanks to distinctive paintwork and styling, few modern motorhomes have the presence of the Frontier range. With a raft of improvements introduced to the 2017 line-up, the latest Frontier collection pushes the boundaries of luxury motorhome touring to new heights. All models are now built on the Al-Ko wide-track chassis and feature a stylish new back panel. No compromises have been made in the manufacture of the Frontier range, which is precision-engineered to withstand the rigors of long distance touring over extended periods in five-star comfort. FLEXIBLE SLEEPING ARRANGEMENTS The defining feature of the new Frontier Delaware "S" is an almost entirely separate rear bedroom with a choice of 6ft 1in long twin fixed single beds or a "king-sized" double. The epitome of luxury, this high-end motorhome has all there is to offer when it comes to a home from home experience. NEW FOR 2017 When twinned with a new larger kitchen â€“ featuring Dometic"s practical new fridge freezer with storage drawers â€“ and a cavernous washroom, the Delaware "S" adds up to a comprehensively equipped long-range cruiser. EASY HOLD AND EASY START The Hill-Holder system is invaluable for hill starts, extending the braking pressure when the brake pedal is released to prevent the vehicle from slipping backwards, making the manoeuvre much easier. DRIVE LIKE A LOCAL The integrated TomTom satellite system will ensure you arrive safely and good time. This DAB radio and CD player features a 5" colour touch screen, western European navigation maps, Bluetooth connectivity, USB port and reversing camera - all i
