This motorhome has been our home from home and has given them many years of joy and memories. This is a Swift Gazelle F61, it has been lovingly looked after , the interior and exterior are in great condition and all four tyres were new last year. There is a cozy seating area in the rear ,reupholstered last year as you can see in the pictures, this also turns into a dining area and a spacious double bed or two singles There is also a large amount of storage in this area, cupboards above plus tonnes of storage under the seats. In addition to this there is a large wardrobe with hanging space next to the seating area. Gas fire with blown air heating. There is a well equipped kitchen which has a good sized fridge with freezer compartment. Sink with drainer and a gas oven with grill and four ringed gas hob, plus additional storage in the kitchen area. The bathroom is a good size with toilet, shower and a sink with a vanity unit above. There is an additional double bed over the cab, this can be kept made up as a bed or it can be raised to allow extra head room between the cab and living area, we always kept this down as they found it useful as extra storage.The mileage is 108000. There is a solar panel installed on the roof and this provides 800 watts of main power using an inverter. So all set up and ready to go with free power. heating is gas and blown air ,new tyres last year recent reupholstry. Gaslow refillable gas bottles ,so can be filled when you topup with.
