We have been an authorised Suzuki dealer since the 70's, in all that time we haven't had another used vehicle that is as immaculate as this bike. The previous owner has spent £'000's on accessories to make it completely individual whilst retaining all the charm that makes the GSX1400 such a perfect machine. Below we have a comprehensive list of the accessories fitted. Not all the accessories are about styling, some really enhance the already amazing ride of the 1400, such as billet inserts below the rear shock that raise the rear ride height, sharpening turning whilst increasing the aggressive stance of the bike. The Yoshimura exhaust has been replaced with a Delkevic big bore exhaust which words can't possibly do justice too. Many of the standard parts have been polished to a very high standard. We collected this bike direct from the previous owner, who had it stored inside his house, as it was raining he was passionate to keep it as gleaming as it was inside, so with a group of friends held a large sheet over the bike to ensure not one drop of rain touched the bike. This sort of dedication to ones bike is rare in ownership and unheard of after selling the bike. The seat has been recovered and sculpted for added support and comfort as well as adding to the overall visual impact of the bike. This bike has only had 2 owners from new and comes with a whole host of receipts for some of the parts bought and work carried out. The mileage is only 7961, most of these were by the first owner, unfortunately a change in health of the second owner prevented him from truly enjoying this absolutely stunning machine on the open road. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. Accessories list: BILLET ALUMINUM GSX LOGO FORK BRACE, HEADLIGHT BRACKET, GSX LOGO HANDLEBAR
