Hello,
This is a brilliant opportunity to buy one of the UK's lightest caravans. It is a wonderful first timer caravan, which is easy to tow for the smaller car (always check the towing regs for your car). The caravan is fitted with a remote controlled motor mover, this makes moving the caravan so much easier. It has been fitted with Tyron flat tyre protection as a safety feature. The caravan is not only lightweight its a special edition (extra features) as new inside, damp free and smoke free. This price also includes a brand new Garda 240 awning which has been used once and includes lightweight poles. It also has a sun canopy for shorter stays, the choice is yours.
They really have thought about the layout in this small caravan, its a bit like a tardis once you step in. They have managed to fit everything you might need into this beautiful tourer. Reason for sale is we have purchased a holiday home so the tourer is no longer required.
