This is only a 1 owner civic with 72k miles and a fantastic service history of no less than 6 stamps in the book. The Type S is not only a great sporty looking car but being the diesel model its very economical allowing you to get up to 65mpg on extra urban. This car has also had the body kit colour coded to match the rest of the car as the normal type S is finished in your standard black body kit. This really does give the car a nice finish. This particular car benefits from a factory upgrade of Honda's fantastic colour screen satellite navigation. This is not just a type S but the type S GT model. The added extras for the GT are a full panoramic glass roof, Dual Climate control, automatic light and rain sensors, fog lights and electric folding mirrors. When buying a Honda your buying reliability as well as class. This Vehicle is available to view at any one of our RAC Approved branches.
