

Water heater 300 litre, Lemet

Location **Yorkshire and the Humber, West Yorkshire**
<https://www.freeadsz.co.uk/x-161738-z>

Water heater 300 litre, Lemet, The wellinsulated Electric water heater from Lemet is equipped with a 2kW electric heater, but can also be supplied with a 4,5kW, 6kW or 9kW electric heater. The maximum rated temperature is 85 °C (185 °F). The Lemet electric water heater is for houses, campsites, marinas and offices. The thick insulation will optimally preserve the water temperature. The longlife magnesium anode heating element is highly durable and can be replaced if need be. The ceramic enamel wall was fired at a temperature 850 OC making it heat resistant. All water heaters are supplied with a free of charge pressure safety valve that needs to be installed for the water heater to function safely. If you do not use this pressure safety valve your guarantee will be void.
