Folding bikes in bags x2, Folding bikes in a bag. Originally brought one and realised it had cross threaded pedals. Contacted the company and they sent a new bike so I have two for sale. One in good condition. One with no pedals (excellent for spares had you need it) very rare design . Bags included. Fold up really small. Great for commuting and carrying in the car. Bargain price. 2 for 1 £25.00, Trowbridge,.
