WANTED!A DOG OR PUPPY TO GIVE OUR LOVE AND SHARE OUR LIVES WITH!, Two middle-aged female flatmates have a space in our lives filled with love to give to another little,or big puppy (or adult preferably.). Our only thing is that any new addition to the family must be happy to get to know the house bunny,an 18 month old rabbit called Bullseye. Very funny, laid back bunny, any puppy would have to get on with him-easy work! Prefer to have a nice adult, a few little issues due to the dogs background or past abuse can be worked with, as we do have the time to spend on helping a dog that needs time. House-trained dog definitely preferred, and an Alpha dog would also be fine with us, more so to keep other nearby owned dogs from trying to take advantage. A Rhodesian Ridgeback Cross breed is an ideal choice, especially an older one but looks and breed arent important... If you want to get your dog rehomed, we'd love to be considered, no matter what., Portsmouth,.
