Nanny Screening Service, Here at Pennies Nannies, we know finding a nanny can be an overwhelming task. To start with you need to decide what level of qualifications you require, how many yearsâ€™ experience, then thereâ€™s the list of duties, defining the right personality to fit in with your family. Then you have the process of sifting through all the applications to ensure your shortlist for interview reflects your familyâ€™s requirements. Finally the interviews, what questions to ask and then the job of whittling out the perfect nanny! Pennies Nannies can reduce the stress and time spent when employing a nanny, by aiding you with any aspect of hiring a nanny. We can assist you by interviewing the potential nanny, reviewing their cv, checking the nannyâ€™s DBS (formally known as CRB), also checking the nannyâ€™s work background and references and finally employment contracts. We can also provide an interview guide to assist you with the interview process. We can provide these services individually or as a whole package so that you can feel safe in the knowledge that all the essential details are being professionally handled.
