Seeking A permanant Business Partner Within Social Housing Sector, I am seeking to form a permanent partnership within the social housing sector after recent success in my new business venture. I am seeking to expand and would like to concentrate on this area. My service provides solutions to new and old sites. I come up with a new idea a month and during this time I collate information, market research, and set the plans in motion to assist in bringing the ideas to life. Offer for this deal is negotiable and not fixed on a given asking price. Each idea is valued on it's own merit and it's always the clients right to turn down an offer. But if you are interested in forming a contract with me then please get in touch and we together we can build foundations for the future that affect our current economy and need for housing. Thank you., Basingstoke,.
