NOW Foundation is an international children and needy charity that is dedicated to providing emergency aid, water aid, and food through agricultural programs.

NOW Foundation is a new UK Charity Organisation that is dedicated to providing life-saving intervention to some of the poorest communities in Africa, Asia and worldwide. We are committed to improving the well-being of disadvantaged adults and children through the provision of emergency water aid, sustainable water solutions, as well as food through agricultural programs.

As an organisation, we are open and transparent about everything we do and invite our sponsors and donors the life-changing opportunity to join hands with us and learn about the individuals and communities we help. With your help, we are making a real difference to the future health and well-being of some of the poorest communities in the world.
