Community Gardening Club at Community Focus

Location **East of England, Hertfordshire** https://www.freeadsz.co.uk/x-167614-z

Community Focus is looking to start a gardening club. We are a Barnet-based all-inclusive arts centre, based in the beautiful Friary House in Friary Park. We are always on the look-out for volunteers to help fulfill a variety of roles in the centre, including helping out with classes, marketing and to get involved in clubs and events, such as fund-raising caroling and coffee mornings. Our community garden is about to expand, so we need people interested in helping us maintain it- in other words, we want to start a community gardening club. Please contact us if you want to join the team and get.
