Hi Need to buy or get for free from someone on/from this website or another UK website, or get for free from a 'recycle' UK website, 1 platter spindle, or 2 platter spindles, for a DVD rewritable disc drive of a Toshiba laptop. Platter spindle is a/the central black plastic circle that 'holds' a disc in place of/for a disc drive. Am willing to pay up to £5 for 1 or £10 for 2 locally or £7.50 for 1 or £12.50 for 2, which includes p+p, outside Inverness. So, can you help? Thank you for your patience in this matter and I do look forward to receiving your reply soon in the near future. From Mr Berwyn H Price P.S. Please reply to this ad only by e-mail message. Also, a correction on my part: it's actually a 'spindle platter' not a 'platter spindle'. Thank.
