Whereas the previous Caddy was based upon a beefed-up Polo supermini, this model is developed from the larger Touran model for a more spacious cabin and a sleeker shape without the need for a box on the back. It offers more load space and can cope with greater payloads too. Caddy is a strong contender in a class which includes the Ford Transit Connect, Fiat Doblo, Citroen Berlingo and Peugeot Partner, the Caddy is the only one in it's class to offer a sliding side door as standard, Volkswagen's attention to ergonomics extends to commercial vehicles too and the cabin area is thoughtfully laid out with clearly located, easy to use functions. Forward and side visibility are good, Standard equipment is generous and includes remote central locking, reach and rake adjustable steering wheel, heat reflective glass, power steering and a large overhead storage tray. There's additional cabin storage in the form of a glovebox, sizeable doorbins, dashboard-top trays and four cup holders, plus minor storage around the handbrake. It drives in a pleasingly car-like manner thanks to the Touran based front suspension. It is fitted with rear leaf springs and has been developed to cope with varying loads without changing the way it drives significantly, COMES WITH A SERVICE AND FREE MOT'S FOR LIFE, T&C'S APPLY, ONLY @ WWW.BONDCARSALES
