Lovely, unique, little beauty. Last edition produced in 1999. Totally original, almost like new. Original paintwork. No rips or scuffs to the interior. No rust or corrosion underneath as has been garaged all the time. Brakes and tyres both in good order. All electrics, fully operational. 2 sets of original keys. Very economical, cheap insurance & running costs. Mechanically the car is superb, it starts, runs, drives perfectly. Overall the car is in extremely good condition. Service history. All documents with the car. One owner from new. I am sure you would not be disappointed with the car. Please note that the car is on Polish plates (under EU registration), has valid EU MOT and insurance, so you can pick up the car and drive it home and then re-register the car. Re-registration is a simple process and takes only 24h. I will provide all relevant papers required for the re-registration from DVLA. Rare nowadays and going up in value, so grab it now! The car attracts a lot of attention on the roads if you fancy that:) I hope I have covered most questions, if there are any further enquiries, please do not hesitate to.
