I have owned this bike since 2001. Its a 1993 L Reg model with 51,199 miles. 2 x former keepers, 12 months mot with no advisories given, 2 new tyres, a new Varta Battery and all relevant tax discs and mot's since my ownership. It is well maintained, with regular oil and filter changes and the engine purrs like a kitten!. I bought this bike for adventure touring and it has certainly proved its worth on many extensive tours over the years around Europe. It's been a solid, steadfast and reliable bike and it is with great reluctance that I part with this old friend due to health issues. In recent years whilst riding out and about on it, many bikers have commented on the good condition of it and how unusual it is to see an Africa Twin of this colour in a UK spec model as so many of them were white in colour. I personally prefer there earlier models of Africa Twin as I think that they look more rugged and robust than later models. The bike also has a spare ignition key. The wheels/rims have been well looked after and there is no corrosion on them. Also included is a genuine Honda Workshop Manual and the Original Honda Owners Handbook. Genuine interested parties please call to arrange a viewing. No trade enquiries.
