Friendly, recently retired advanced skills mathematics teacher available for tutoring KS2/3 GCSE or A Level. I specialise in accelerating progress through individually designed sessions for each student. References available. Week day evenings, weekends and intensive holiday sessions. Regular sessions or a short series of lessons to help your son/daughter to enjoy his/her maths lessons at school by being successful. I aim to make lessons fun but most importantly explain topics in a variety of ways so that students find that maths can be easy. If your child is lacking in confidence and not making sufficient progress at school then some tutoring can get her/him back on track. Please ring me to discuss how I can help. Tel.
