

Pond design, construction amp maintenance, water gardens and aquatic features

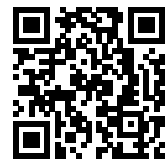

Location **South West, Avon**
<https://www.freeadsz.co.uk/x-170176-z>

Our design, consultation and construction service is utilized by garden designers, architects and private clients across the country. We have a full range of services available from the simplest planting plans, to the design, specification and construction of the most complicated water feature. Working with water is never simple or straightforward. It is by its very nature, a dynamic medium and the practicalities of its containment or manipulation often require careful consideration. We offer solutions, which work. Our team have been designing and constructing water gardens and water features for twenty years and we have the experience required to ensure success. Whatever your requirements, we can customize our services to suit. Visit our website or contact us for more information or to arrange a.
