New Lower Price The Mountain tour backpack "Muttekopf" in every season is the ideal companion on the mountain: be thrilled with the thoughtful front design with large mesh pocket or large capacity of 32 liters. Thanks to the anatomically formed hip belt, the backpack is comfortable to wear whatever the weather. The robust 3D AirMesch-provides great air-conditioning and supports the ventilation of the Deuter Aircontact system. There is also A pocket for valuables on the waist belt. The ice axe and walking stick holders and the rain cover in the base compartment are all excellent additional extras. In addition, the backpack is compatible with most hydration systems. Information about the Tour Backpack "Muttekopf" Size 66 x 32 x 24 cm Weight 1320g. This is a great BackPack for professional, weekend or amateur hiker or mountain climber. Robust and sturdy to protect all your gear from the elements yet still be comfortable and light to handle. One of Europes finest. Cash on collection from Taunton preferred. Other payment and postage please message to.
