

Electric boiler repairs plumbers heating

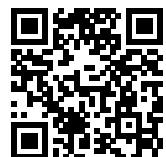

Location **North, Cheshire**
<https://www.freeadsz.co.uk/x-171791-z>

Electric boiler repairs to all unvented and vented cylinders. I have access to many spares parts especially for the hard to get hold of spares for the churchill imstor heating system. No call out fees to Manchester, but if I have to pay parking fees, I would appreciate your help with this. Immersion repairs, rod thermostat replacement, Expansion vessel servicing. I would advise you to service your un-vented boiler annually to prevent large repair costs. If a boiler repair is not economical viable, I will advise a install quote, but only as a last resort. All plumbing repairs carried out, Leaking pipes, toilets, heating systems not working properly.
