Along side my professional photography I like to create strong beautiful artistic images some of which are recreations of the "Old Masters" paintings and sculpture such as works by Caravaggio or Titian but also modern dramatic or fantasy creations. I am looking for models and if you are someone who would like to work hard and have fun to help create powerful artistic images or you are one of a group of people, artists, actors or a bunch of friends who would like to do this please contact me. In return you would have free use of the photographs to use as you like. I would be pleased meet you and do an initial photo-shoot which is a lot of fun around a town or the countryside. We could then discuss plans for the photographs that we want to create (non pornographic). I would hope for ideas from you as well as my own to create memorable, beautiful, dramatic or thought provoking images which I would hope will get to exhibitions or the media. I would also like to meet a hair dresser and a make up person so do contact me. Call me, Bruce on my mobile 074822 75811 or email bruce-broughton@hotmail.co
