Outstanding condition x-caliber 29er hardtail mountain bike 2015 model. Size frame 23" 193cm+. I can 100% guarantee that this bike is in perfect show room condition without a single scratch on it. I have used this bike to travel to work and back for the past 6 months and all in that time the bike has been amazing, in fact even the chain has never jumped of. With the 29inch wheels it gets sum fantastic impressive speeds on my commute to work, with a smooth and soft ride too. I would recommend a trek any day to anyone, the reason for selling is I am getting myself another trek.
