Just Overhauled - Original Lacquer - SWEET PLAYER ! This is a recently overhauled 1968 Selmer Mark VI Tenor Sax. It plays beautifully from top to bottom and has a fantastic iconic Mark VI sound. The keywork is fast and quiet and the intonation is beautiful. These horns are the holy grail and widely believed to be the best tenor saxophones ever produced. The lacquer is original and about 70% there are a couple solder repairs of key guards. The horn is gig ready, needs nothing, and is a joy to play. It comes with a hard shell case. Get this one now! You won't regret.
