I teach piano to all ages, from beginner to intermediate, covering a wide range of styles, songs and techniques. I revolutionise the teaching of music theory - it's all about making it simple and clear. I offer a consultation lesson for free; I use this to find out exactly what you want to learn and your interests/ability so I can cater lessons to your musical preferences and learning style. I teach all ages and abilities and have previous experience teaching music in a college, school and SEN student workshops. Don't own a piano? Not a problem - you can learn on my full sized electric piano in my home studio. This is ideal if you want to make sure you like learning the instrument, before buying your own one. Feel free to contact with any questions you have. My website is [stteachinguk.com](http://stteachinguk.com) where you can find reviews and more information, or just search 'Sammy Turton Instrument Tuition' on Facebook. I also teach drums, guitar and bass guitar! (CRB)
