Hardly used, as never got the hang of using it, prefer sewing by hand, managed to make my son a t-shirt with it, but that's the only time it's been used. Comes with power supply, foot pedal, 2 sets of threads, carry case, instruction manual, needle threaders and a spare needle. Originally had a 64 piece set of threads, but most I have used for other sewing. According to Beldray website the RRP is £89.99, they are selling new at £54.99 though, and as it's been used a bit and missing the set of threads, I've lowered the price of this one to & pound.
