READVERTISED DUE TO TIME WASTERS & PRICE REDUCED AS NEED THE SPACE Bayliner Capri Bowrider "Project on trailer 22 ft long and 7 ft wide, I was going to build a wheel house and make it a fast fishing boat, sadly I no longer have the time to complete it. The original 3.0litre OMC engine 120hp had a split in the block and damaged valves so I have replaced it with a 140hp 2.0 litre Ford engine, this should be more fuel efficient and parts more readily available. All the drive modifications have been completed and the engine can be seen running. To complete the gear and throttle need connecting and the exhaust needs to be finished (all pipe work supplied) I will try to finish this. Fuel pump needs to be fitted to the fuel tank, and a battery. Carpet needs gluing down as I have only rough cut it. Gimble bearing needs to be replaced on the stern drive, eBay item number (260813978455) £38 Trailer does need attention. I am looking for £1,250 for it as I have spent around £3,000 on it. I am willing to sell the gauges separately for £100 and the 4 seats for £200 This is a project that someone could complete in a few days if you time unlike myself. Any questions please ask, if you want to view please contact me to arrange, we are in Eastbourne
