The motorhome is in very good condition.

The layout is a massive double bed at the front above the cab, massive separate bathroom with shower and swivel toilet, the centre of the caravan has a kitchen with hob, fridge and sink, with plenty of high and low level cupboards. There is large side dinette which converts into double bed. There is also carioaca2tra 5th bed in the rear corner.

carioaca2ternally the campervan has tinted windows, awning light and carioaca2ternal 240v power. Like all vans of this quality it has gas hot water heater and blown air heating, large opening central sunroof, double glazed windows with fly screens and night blinds, mains hook up and an internal control panel to monitor battery voltages etc. Everything works.
