Absolutely stunning fake fur coat in brown I think mink design. It has the usual two hook and eye closing, with a collar and two inset pockets. The lining is just as stunning in brown thick satin with flower motif. This was made in France by Tissavel which if you know your fake fur is a very well known and respected make. It is beautifully made and styled. Looks lovely on and is so warm. This was bought from a retro shop in the 1990s for my daughter because she definitely had to have it. She then left it in her wardrobe when she went to university and never returned to the family home. (As they do) Would be lovely for our cold winters. Any questions please contact me. Immaculate.
