Ford Focus 2.0 Ghia. M O T RUNS UNTILL OCTOBER 14 2016.....thats almost 12 months of motoring for a minimal cost. This really is a bargain and a great reliable runner that will get you to work, get you to the shops and ideal for room in the back too. OH...Key fob works and remotely, thats a bonus for one of these at this age ( 1 key only) It is a good drive. Have given it a rigourous driveboth town and motorway. Not rapid on acceleration, but is any standard focus! Reaches and maintains good speeds and ideal for town couuntry and motorway. OK lts high mileage, so as you would with the tyres and windscreen washers this time of year, just keep a weekly check on the levels. So as i said ..Very Long MOT Test and reliable. Only one fault i found rear power windows don appear to be working, Front 's are fine...maybe there's a child switch, wgatever , a minor fault.. Happy to send more pics, downloading on here is slow. OK ..I AM willing to listen to reasonable offers, BUT NOT Hagglng. Respond with an offer and i'll let you know if you're wasting your time or just simply not reply. It Is What It Is and will do a turn for someone who's just picked up a Job in far off Industrial Estate that the Busses dont run to and its a cold dark winter ahead. Or just for a Town run-around to pile the kids and the dog in the back. At this price its a no loser. Happy to hear from you and plenty of pics available on request. Thanks for looking. Can be viewed most DAYTIMES.
