

Babystart Wooden Extending Gate. (7.50 GBP)

Location **South East, West Sussex**

For sale - Babystart stair/corridor gates. As these can be extended, unlike the standard pressure gates, these are suitable for wider than standard stair cases or for corridors. Also, there is no trip bar to catch the little one (and more importantly yourself) out. Fairly easy to fix to the wall. Due to a combination of modern hollow walls and wood to connect to I have a mixture of screws that I used. You may need to buy some additional screws to suit your home. I have seen some reviews on the argos website saying that they can also be used to keep pets from rooms. Argos catalogue number is 389/8257 if you want more details. There are 2 available.;
