

Omega Speedmaster Moon Watch (1,500 GBP)

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-213692-z>

Black dial with luminescent hour markers. Hesalite crystal top and solid case back. Manual wind movement with chronograph function. Stainless steel case and bracelet, case diameter: 42mm. The stainless steel case houses a manual-winding OMEGA movement, calibre 1861 with rhodium-plated finish.

The caseback is stamped with the replica of the Apollo II mission emblem and Neil Armstrong's first words after the spacecraft landed: "Hello Houston, Tranquility Base Here, The Eagle Has Landed". Your limited series 30th Anniversary Speedmaster Professional Moon Watch is an exceptional and rare timepiece.

To commemorate the first Moon landing, a limited series of 9999 pieces, each engraved from 0001/9999 to 9999/9999, has been manufactured by OMEGA watchmakers in Bienne, Switzerland. ;
