The Toro TX-159 Recycler Lawnmower, (Model No: 20952). A 48 cm., (19") Automatic Drive Steel Deck Recycler Petrol Lawnmower offers fantastic 3-in-1 versatility with the option of either collecting trimmings, discharging them via a rear-aperture, or mulching them back into the soil for improved lawn health and vitality. The patented design of the cutting chamber and blade repeatedly chops the grass cuttings into tiny pieces and forces them back into the turf where they decompose quickly and provide nutrients and moisture to the soil. Recycling grass clippings or mulching as it's also known instead of collecting them saves you time, money and effort and is healthier for the planet. It utilises a Toro Key Start O.H.V 4 stroke engine and has an automatic drive system. It's intelligent drive-technology allows you to work at your own pace – the mower is self propelled but automatically moves as quickly or as slowly as you do, continually adapting to your chosen walking speed, even on slopes. It has handles that can be adjusted to fit any height with just a few simple turns – without tools or excessive force. It also has a washout port, which is a convenient way to clean the bottom of the deck - maintaining optimum airflow for high performance. RRP £559 This mower is brand new. It was an insurance replacement for a stolen mower, but it is not a direct replacement so it is not.
