

# Korg AX3000G guitar multi fx pedal board (55 GBP)

Location **London, London**  
<https://www.freeadsz.co.uk/x-218933-z>

Korg AX3000G guitar multi fx pedal board.  
 Very good condition. Has an array of effects that you can mix and match. Tonnes of distortions, amp modelling, chorus, delays, reverbs, pitch shifter, etc and of course an accurate tuner. Altogether quite a powerful beast.

No box, but i may have the manual for it somewhere. Im No longer playing guitar enough to warrant keeping it. Collection from SE
