This is an absolutely superb example of the brilliant "Super Blackbird". It looks truly stunning in "Mute Black Pearl" which has to be the best colour for a Blackbird. It has been very well looked after by the previous owners, with the last owning it since 2008. It will be supplied with the original service book and owners manual, tool kit, both keys, all old mot's, it even has the original owners card. These machines are very useable, comfortable and surprisingly agile sports tourers, not forgetting that it is also a ballistic powerhouse that held the record as the fastest production motorcycle when launched, making it one of the best all round bikes out there. They are very comfortable and roomy and have a linked braking system and excellent build quality. The addition of genuine Honda colour matched panniers makes this amazing machine even more practical. In addition to this it is fitted with a double bubble Powerbronze higher tinted screen, tank pad and fuel cap protector. As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £3395
