

Timber Artist available for Commissions

Location **South West, Somerset**
<https://www.freeadsz.co.uk/x-222504-z>

20 years experience of special commissions in many countries, where exceptionally individual work is required and the design and installation of almost anything made in wood. In the last 15 years, I have worked mostly abroad, hence this add. Now settled near Somerton and will travel up to 50 miles for projects. Small commissions taken on locally Previous work has included, indoor and outdoor furniture and sculptures, cabins, tree-houses and very large elevated platforms. However, I do not particularly get involved in general 1st and 2nd fixing work in the normal sense. So if it is just door hanging you need or putting a standard roof on, I am probably not your man. Perhaps its in the name, 'Timber Artist', I prefer to work with more arty projects, rather than building site work, which although I have experience in, I have chosen to specialise in designing and constructing one off pieces. If you do not see the exact type of furniture, building or piece you would like in the photos, don't worry. I am open to all kinds of projects. Even if its a coffee table. All you will need to do is meet up, specify the size and pay for a deposit on the materials and commission and schedule the arrival of your piece, whether it be a small handcrafted item or a spectacular treehouse. I use both new and reclaimed timbers. I predominantly work based on a good customer rapport. Give me a call and if it sounds like we can work together, I will visit you at home or workplace, wherever the installation is required, to discuss and design. Previous clients include 'The Body Shop' founder, Anita Roddick, with numerous private commissions for her home. Thank you. Call anytime and please leave a message. I have some availability before Christmas. Emails welcome, however creative and detailed replies are only really possible by phone.
