Sprite musketeer 4 berth, is either 1978/1981 I believe. Has a few quirks and requires some work but fully usable. A window needs replacing, has been glued and taped, doesn't leak just unsightly. Gas hob and grill, hob works but pipes need blowing through or something. Fridge works on electric fine but to run on gas takes time, it will light eventually but flame is tiny. Full size original sprite awning, excellent condition, very strong, thick material. No damp, any questions please ask, viewings welcome by arrangement.;
