Location **Scotland, Midlothian**  
<https://www.freeadsz.co.uk/x-233255-z>

For Edinburgh and Lothians we do Computer Repairs, Maintenance, Upgrades and Lessons for Desktop PC and Laptops (Lessons can also be given on Smartphones and Tablets). **REPAIRS:** Blue Screen Error Codes, Power Issues, Windows not loading, Hard Drive Issues, Bad RAM Modules, Laptop Screen and Keyboard replacements and more! **MAINTENANCE:** General Clean Ups to improve speed and performance, Removal of Virus such as Trojans and Malware, Spyware, Adware and unwanted programmes that may change your web browsers home page and search engine as well as put ads on web pages where they're shouldn't be. We can also address any issues with Windows Operating System, Drivers, Software and more! **UPGRADES;** We can upgrade any parts for Desktop and Laptop PC's BUT will first check to be sure an upgrade is in fact needed in case we can simply boost speed and performance other ways! **LESSONS:** We don't just give Computer Lessons on Desktop PC's and Laptops, we also give Lessons on Smartphones and Tablets as they are all little computers used by many to perform tasks that would normally be done on a 'proper computer'. Lessons given on all apps, software, settings and use of any device! **REMOTE SERVICES:** Most of the Maintenance work we do and many Lessons (for Desktop and Laptop) can be done over the internet remotely using software such as Team Viewer that allows us to connect our computer to yours to access your desktop and teach you things or address any technical issues you may have. To learn more about all we do you can visit our website and also contact us for FREE advice! Yours faithfully The PC Mule
