Those in the know will know..... this is a rare and highly desirable Berkeley edition MK1 MX-5. number 288 of only 400 produced this model was the last of the production run of the Mk1. with the 1.8 litre engine, power steering. MOMO steering wheel. stainless steel scuff plates, boot rack etc and numbered plaque. this particular car also has the chromed rollover bars, wind deflector and specified cloth upholstery. the car is in superb order throughout and although it has covered 156000 miles the engine and gearbox are as sweet as the day it left the factory. the hood, interior etc are in superb order and those pop-up headlights still bring a grin to your face. mot JULY
