In the kitchen area there is a full size oven, 3 gas hobs and one electric. Plenty of work top space.

Caravan also has hot/cold water. Can supply hot water by gas or electric by using the inside gas pipes. The works on gas as well as electric. Easy to hook up. You have a heater for air heating as well which is fitted all the way through the caravan which gets the heat all through the van in a short space of time.

This is a single axle caravan, easy to tow, tyres are good too. Has the paperwork and the manual to help get you started.
