

Kia Picanto 2005 1.1 Glamour Silver (2,495 GBP)

Location **London, London**
<https://www.freeadsz.co.uk/x-247933-z>

Here for sale is my Kia. The car has been great to own and never let me down. The only reason I am selling is because I have a company car now and not enough space to keep it.

The car has an MOT till April 2016 and roadworthy. I have all of the paperwork and recipes for my ownership including new front discs and pads for the MOT and a brand new battery, any work needed on the car I have got done without hesitation.

The car has electric front windows, air conditioning and great heating, Alpine CD player, all the tyres have loads of tread left.

The car is in great condition inside and out with only minimal cosmetic damage, which can be easily fixed, as shown in the photos.

This is a great car cheap on fuel, insurance and tax I would still be using it if it wasn't for the company car. Any further information please feel free to contact.
