Good day I am a freelance graphic designer with a passion and love for design. Have you ever asked yourself what would the world have been like without design, color and ideas? I assume not as fun and colorful as it is now, we would have been in a black and white world. My passion has always been design and creativity and I want to use them to get the best design solutions for you. I'm highly motivated about art in general. I have been a creative individual for about 6 years now started or with painting going to fashion design ... more and now graphic design. I am the creative eye. I believe that having a professional image is a necessity for any business today. Your logo is the symbol representing your company and usually the first thing a potential client sees. If you want to make a good first impression, you have to start at the beginning. A strong corporate identity is crucial for brand awareness. With items as diverse as logos, advertisements, packaging, annual reports, magazines, company profiles, menus, flyers, billboards, labels I cover any marketing need you may have. Commitment and responsibility within each project are in line with the passion and love that I have for design . I'm dedicated to quality. I am very dedicated to my work as well as self driven. Please go and have a look at my portfolio so that you can see my creativity in the work that I do and love so much. 2016 business packages: Corporate package 1 (logo,businesscard,invoice,vehicle magnet,letterhead,flyer, poster designs)1 free changes to designs_\$72/50% deposit Corporate package 2 (logo, business card,letterhead,invoice, flyer designs) 1 free changes to designs_\$48/50% deposit Corporate package 3 (Logo,businesscard and letterhead)_ \$30 /50% deposit Please visit my website @ <http://innocencedesigns.co.za/> hope to hear from you soon !
