Hello!

This is Sunny, a 1973 (M reg) tintop, yellow all over. We've had a lot of fun with camping trips, weddings, proms, birthdays, festivals, even a mulled wine Christmas party, but he's no longer being used for camping as he should and it's time to pass him on.

- Price £8000
- Swindon, Wiltshire
- Tax Exempt
- 138,000 miles on the clock
- Yellow
- 1.6 engine
- RHD
- MOT valid till 31 October 2016.
- Comes with drive-away awning and roof rack.

I had lot of work done in 2011 with a new engine installed October 2011 and the gearbox reconditioned. Also a lot of welding with a new front panel, along with new sills and other welding work around the bottom 12 inches.

Brakes were replaced 2014, with two new tyres, the starter motor and exhaust. New battery January

2016. Very solid van that drives really well - he's my only vehicle so gets regular use and is regularly serviced. Has got 12000 on the clock, suspension, all VW parts and a new battery. A lot of use over the years but the bodywork is in good condition and needs a bit of attention. The seats are all solid and passed the MOT in October 2016. The time when I was in the van, the work needed is a new driver's door, engine lid and tail gate could do with replacing before a respray. I've had quotes of between £2000 - £5000 to restore the bodywork and the asking price reflects that. Seats are in good condition, has two bench seats in the back, the front one flips so people can face backwards or forwards and the seats fold down into a double bed. Fitted with gas cooker and sink. Storage under the seats and in a cupboard in the back. The interior back panels have been recovered and replaced, and I can supply the material for the remaining front door panels. An excellent van for you to style to suit your own personality. Contact me for more.
