

Bag (35 GBP)

Location **South West, Avon**

A unisex and versatile bag previously sold on Apple online Store exclusively for 2 years for £129. We called it the 'The Wedge' due to its unique shape and construction. We designed this bag in Bath. It was featured in the Sunday Telegraph Magazine. Now selling direct for only £35. All brand new. It's an overnight bag with a separate compartment for shoes so keeps other clothes clean and dry. A perfect sports bag. Commonly used as a commuter bag as holds a cushioned inner compartment for your laptop up to a 13" Mac Pro etc. One feature everyone loves is its wedge shaped construction, so stands up, especially good for putting on the floor by your desk. Apple like the fact that it is made from 18 plastic bottles, so incredibly environmentally friendly. Happy to sell to individuals or can sell in bulk for retailers or companies who want a unique promotional gift. I will personally deliver to your door if close to BA2 and if don't like it don't take;-)
