recommendations, straight to your TV daily, so there'll always be something to watch.

It uses your internet connection to provide you with access to catch up TV services on demand, so the programmes you want to watch are ready when you are. Access over 200 channels, including sports, music and entertainment, and lets you plan ahead so you'll never miss the best shows. Your recommendations can be found at the touch of a button, and it also includes a search function to make it easy to find shows.

Smarter TV

With the My Steam feature you'll be able to enjoy content that's recommended for you. By monitoring the types of TV shows you watch, your TV learns what you like to watch. This lets it suggest content that's tailored to your viewing habits. Simply tell your VIERA 55AX902 which shows you like to watch by pressing the 'My' button.

It not only recommends shows that are coming up, but can also look through catch up TV and internet content to find things that you'll like to watch.

With the Panasonic Cloud, you'll also be able to stream content to your tablet or smartphone no matter where you are, letting you take your TV anywhere you go. You can even view programmes on a hard drive or USB stick connected to your TV - now your TV takes entertainment beyond your living room.
