The day has come to sell my pride and joy, this car puts a smile on my face every time I drive it. If i could afford to keep two cars then without a doubt i'd be keeping it, Low mileage at 90,200 miles this is a non modified and unabused car .a brand new exhaust fitted a standard one (owned by enthusiasts not jobs). The car feels tight and runs excellently with Variable Valve timing working perfectly, mechanically sound car with no issues. Airbag light comes on and off when it wants wiggle the wires under seat comes on and off . Always serviced with the best fully synthetic oils designed for this engine, the car has a good service history with service stamps and heaps of receipts for work carried out by myself and previous owners. Also the car has always been ran on Shell V power. V5 log book present. New mot past with no problems This car is very quick and will not disappoint however, i've always been careful to ensure the car is properly warmed up and cooled down. Whilst I've owned the car it has been well serviced and cared for recently having the following replaced:

- Spark plugs.
- HT leads
- Coil pack. Also whilst I've owned the car its had: - New full Exhaust and mounts, and all the exhaust fittings and seals replaced.
- Rear brake pads and rear brake calliper front brakes pads and discs
- 4 new tyres I have 2 more tyres so thay go with the car . The cars standard features include, CD radio with 6CD changer, Cruise Control, Climate Control, ESP, Traction Control, Electric Windows, Electric Mirrors, half-leather Renault Sport bucket seats, I'm sure there's more.. - Please note the Cam belt and Dephaser pully will be due shortly, and fan belt hence the lower asking price, (I've been quoted £440 by a

renault sport specialist if that helps). Wheels need a referb. Sold as seen only no returns. Please no time to haggle on this one.
