A brilliant example of a Honda CB600F Hornet that has only covered 6461 miles from new. The Hornet is incredibly light and agile making it easy to ride and should appeal to new riders, yet at the same time has sporting potential if the mood should take you. Top spec engine protectors have been fitted just in case the worst should happen. A tank pad has also been fitted to the bike, these protect the paintwork from rubbing with the riders jacket, they also look nice. Also fitted with a seat cowl and tail tidy to really finish the look of the bike off. The bike has been HPI checked and a Certificate will be presented with the bike. Viewing is welcome any time and we guarantee you will not be disappointed. Give us a call on 01246 860046 for more info or pop in and view at CMC Clay Cross. We also offer nationwide delivery, so if you prefer us to bring the bike to you just let us.
