

# Night Shoot Long Exposure Photography Workshop - 9th May

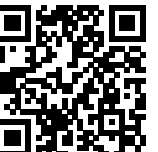

Location **West Midlands, Warwickshire**  
<https://www.freeadsz.co.uk/x-256538-z>

Join Alan Ranger in Kenilworth where you'll be able to practice photography using long exposures; the perfect opportunity to practice using the exposure triangle. You'll gain experience in balancing ISO, shutter speed and aperture to create the effects you want. If you have them on hand Alan recommends bringing a tripod and remote release, although these aren't essential. Shooting at night presents challenges and opportunities as we learn to see how light and dark tones contrast and how longer exposure times can create dynamic pictures.  
[www.alanranger.com/photography-workshops](http://www.alanranger.com/photography-workshops)

- \* No prior knowledge of photography is required as each student will be taught individually, according to their level.
- \* Recognise correct lighting, contrast and texture to shape and form each shot.
- \* Learn the impact of using long exposure, shallow depth of field and other techniques.
- \* Work with Alan to review your shots, accept new ideas and improve your photography.

If you can't make this workshop, why not take a look at the website to see future workshops, field trips and courses later this year and into next. Be kept informed via the regular newsletter or on Facebook.
