Location **London, London**

<https://www.freeadsz.co.uk/x-257099-z>

URGENT RENTAL our absolutely **AMAZING** one bed flat in the centre of the fabulous crouch end is up for rent! We are relocating due to work otherwise we'd never leave it! We're the first people in after a full refurb, everything is brand new. Loads of light, waterfall shower, separate utility room, holds its heat really well, very quiet despite being 30 seconds from the hustle and bustle of crouch end Broadway and the shops and restaurants and pubs it has to offer!

We are looking for someone to move in from 5th March, contract renews May 1st so it could be a short term thing or a long term thing whatever suits. Landlords are great. Anything you need they get sorted straight away.
