

Barkby Gardens The enviromentally friendly garden service

Location **East Midlands, Leicestershire**
<https://www.freeadsz.co.uk/x-258187-z>

Welcome to Barkby Gardens, offering environmentally friendly garden services within the East Midlands. You may ask yourself what makes us environmentally friendly. Well let me explain what we do for both our customers and the environment: By 2020 we have made a commitment to recycle 100% of all our garden waste. We mainly compost but also use grass cuttings for mulching and bark for chippings. We source all our material from local sustainable resources. For every tree we are asked to remove, we will plant a sapling anywhere you require on your property or in the local community (with permission from the local authorities) free of charge. We only use animal friendly chemicals on any garden. Having over 25yrs gardening experience and having won awards we strive to meet any requirements needed to meet your gardening needs at affordable prices while offering a quality!
